

This is how I will wash my hair:

Step 1: Put some water in the sink.

Step 2: Place the ends of hair in the water so that it is wet.

Step 3: Put some shampoo onto my hair and make a lather.

Step 4: Rinse my hair with warm water to remove all of the shampoo.

Step 5: Put some conditioner on my hair.

Step 6: After 1 minute, put more water on my hair to rinse out the conditioner.

Step 7: Dry my hair with a towel.

Step 8: I can brush my hair.
